

Introduction:

Multi-functionality, Versatility and Convenience is the focus for CARRY'S Consumer Electronics Series. The devices combined the functions of DVD+/-RW, DVD-dual, and Combo drive, along with DVD / VCD / CD / MP3 player, and Flash storage card Reader / Writer / Player - all in one portable unit. In addition, there is the renowned one touch Burn-to-Disc function that automatically copies files from storage cards to disc. Using the FotoBar is easy!

The series feature an abundance of functions that are simple and convenient to operate. They don't even require TV or computer to operate. They feature multi-session burning so you just press one button and the device will backup files until your disc is full. They even burn to DVD which gives a capacity of 4.7 GB! This level of storage can accommodate the largest memory capacities in the market today. However, if one disc isn't enough, then insert another one. The FotoBar will prompt you with the "Need New Disc" message.

There are clear advantages with this versatile product range. On your vacation, you can connect it to your hotel television and view slideshows with each other. Just plug your camera's memory card directly into the fotoBar. When you are relaxing, why not listen to some music or view your pictures. You can even bring your favorite movies and watch them when you have free time. At the end of your trip, everyone will want to remember and keep the joyous moments. So why not burn all the pictures on a disc and let your friends and family have a copy straight away!

"No need to wait - just touch and burn!"

Application Diagram

Cards Supported

1. SecureDigital (SD)
2. Multimedia Card (MMC)
3. Memory Stick (MS)
4. Memory Stick Pro (MS Pro)
5. SmartMedia™ (SM)
6. Microdrive
7. CompactFlash Type I (CF I)
8. CompactFlash Type I (CF II)
9. xD-Picture Card (Optional)

Specifications:**A. Standards:**

xD-Picture Card
SecureDigital (SD)
SmartMedia™ (SM)
MultiMedia Card (MMC)
Microdrive
Memory Stick (MS)
Memory Stick MS Pro (MS Pro)
CompactFlash Type I (CF I)
CompactFlash Type II (CF II)
DVD (+/-) RW, CD-RW, CD
DVD Dual
MP3
JPEG
MPEG-1
MPEG-2 (DVD)
MPEG-4 (DivX)

B. Interface:

USB 2.0 (backward compatible with USB 1.1)
Data Transfer Rate: 480Mbps
Composite and S-Video

C. Input:

CF slot: CF Type I & II / Microdrive
4 in 1 slot: SM / SD / MMC / MS / MS Pro
Slim Combo:
CD-R / CD-RW / DVD-ROM
USB 2.0

D. Output:

Composite / S-Video/ USB 2.0

E. Resolution:

Baseline: 5120 x 3840
Progressive: 2048 x 1536

F. Environment:

Operating Temperature: 0°C to 70°C
Storage Temperature: -40°C to 70°C
Operating RH: 50%
Storage RH: 5-95%

G. Power Adapter

Voltage: DC 9V2A

H. Physical Characteristics:

Dimensions: 170 x 138 x 35 mm (L x W x H)
Weight: 550g

I. Safety Compliance:

CE Class B
FCC Class B
UL
BSMI
VCCI

J. Compatibility:

Microsoft Windows 98 / 98SE / ME / 2000 / XP
Mac OS 10 and later versions

K. Accessories Included:

Carrying Case
CD-RW / DVD-ROM Combo
Rechargeable Battery
DC 9V, 2A Power Adapter
Composite cable
S-Video Cable
USB Cable
Remote Control
2 x AAA Battery
Nero Burning ROM software for Windows OS
Driver for Windows 98 / 98SE OS
2 x CD-R for file backup
Quick Guide
FotoBar Users Manual
Optional Accessorizes:

Scart Plug
Vehicle Charger
